

Laurel Hall provides students and parents with a number of technology based resources to enhance student learning and productivity. Please see below for the technology benefits of a Laurel Hall Family.

- ✓ All classrooms have SmartBoards!
- ✓ Students check out Chromebooks for various work throughout each school day! As a class, they also use them in the Tech Lab & Project Lab and for MAP assessments.
- ✓ Grades 3-8 have at least 3 computers in each classroom.
- ✓ Grades K-2 have at least 3 classroom iPads.
- ✓ All school Internet traffic is filtered and in compliance with CIPA (Children's Internet Protection Act)

Laurel Hall subscribes to resources for use inside and outside of the classroom:

[Brainpop](#) (grades 4-8) & [Brainpop, Jr](#) (grades K-3):

- Animated, curriculum based content in almost every subject, plus extended activities/games and interactive quizzes. Students can use it to reinforce classroom lessons.
- Links for students can be found under Links & Files in the Students folder (must be logged in to see the link).

[Grolier's Online grades 2-5](#) & [Groliers Online Middle School](#):

- Great age appropriate content for homework help, research, current events and more, including Grolier's New Book of Knowledge and America the Beautiful.
- Links for students can be found under Links & Files in the Students folder (must be logged in to see the link).

[Typing.com](#) - Grades 2-8

- Students can improve their keyboarding skills and prepare for the future with the comprehensive curriculum and typing games.
- Students are assigned a login during computer class (it's also in Demographics on PlusPortals)

[Atomic Learning](#) - Grades 6-8 & Parents

- Atomic Learning provides training on a variety of commonly used software applications, including Microsoft Office and many more!
- Students have their own login - Laurel Hall parents can use a shared login.

[Wixie](#) - Grades TK-3

- Wixie is a publishing and creativity tool that lets students share what they know through curriculum based writing, voice, and drawing.
- Students are assigned a login during computer class (it's also in Demographics on PlusPortals)
- Can be used for projects and is fully compatible with all devices and platforms.

[Office365](#) - Grades 4-8

- A full suite of online resources including email, Word, Excel & PowerPoint, as well as cloud storage and collaboration solutions.
- Students are also licensed to download the Office 2016 suite to their home computers for free and use while they are a student at Laurel Hall.
